MATERIALS

Brass, glass, LED.

MAINTENANCE

All LOST PROFILE metal surfaces are waxed. These metal surfaces are designed to age and patinate.

Wear gloves when handling to avoid hand prints. Clear enamel coating is available on request.

Enamelling does not stop the patination process, it just slows the process down.

DRIVERS & DIMMING

SURVEILLANCE is supplied with a phase-dimmable electronic transformer.

LOST PROFILE do not supply dimmer switches or wall plates. Talk to your electrician about sourcing these items.

PRICING & LEAD TIMES

Please contact us or your nearest LOST PROFILE representative for current pricing and lead times.
